## EXPERT RISK MANAGEMENT ADVICE AND TECHNICAL EXPERTISE

Through our office in Antwerp, Allianz Global Corporate & Specialty (AGCS) Belgium offers clients and brokers a wide range of corporate insurance solutions.

The AGCS Belgium team provides a full range of corporate insurance solutions and services. This includes Property, Liability, Financial Lines, Engineering and Entertainment insurance, as well as comprehensive international insurance programs via our Allianz Multinational service – all backed with the financial security and stability you would expect from Allianz. Our dedicated Allianz Risk Consulting loss control engineering team provides expert risk management advice and technical expertise to support your business, while our key account managers will work with you to ensure you have access to the very best products and services of the entire Allianz Group. This way we can create tailored corporate insurance or risk management solutions to suit your needs.
