# **COVER OVERVIEW**

Here is a summary of your health cover.

# What am I covered for?

You are covered for all the benefits listed in your Table of Benefits. We generally cover pre-existing conditions (including pre-existing chronic conditions) unless we say otherwise in your policy documents. If in doubt, please see the "Notes" section of your Table of Benefits to confirm if pre-existing conditions are covered.

# Where can I receive treatment?

You can receive treatment in any country within your area of cover, as shown in your Insurance Certificate.

If the treatment you need is available locally but you choose to travel to another country in your area of cover, we will reimburse all eligible medical costs incurred within the terms of your policy; except for your travel expenses.

If the eligible treatment is not available locally, and your cover includes "Medical evacuation", we will also cover travel costs to the nearest suitable medical facility. To claim for medical and travel expenses incurred in these circumstances, you will need to complete and submit the Treatment Guarantee Form before travelling. You are covered for eligible costs incurred in your home country, provided that your home country is in your area of cover.

# What are benefit limits?

Your cover may be subject to a maximum plan benefit. This is the maximum we will pay in total for all benefits included in the plan. Although many benefits included in your Table of Benefits are covered in full, some are capped to a specific amount (e.g. \$10,000). This specific amount is a benefit limit. For further information on benefit limits please see the 'Benefit limits' section of this guide.

# Is your family growing?

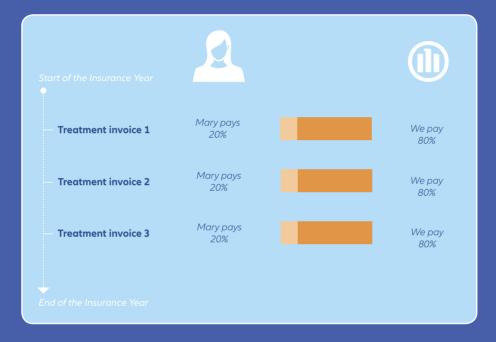

Are you getting married or having a baby? Congratulations!

To add dependants to your policy, simply notify your company in writing. If you are adding a newborn, please include a copy of the birth certificate. You should send your request within four weeks of the date of birth, to ensure that cover starts from birth. For further information on how to add dependants, please see the 'Adding dependants' section of this guide. Following acceptance, we will issue a new Insurance Certificate to reflect the addition of a dependant. This new certificate will replace any earlier version(s) you may have from the start date shown on it.

## What are deductibles and co-payments?

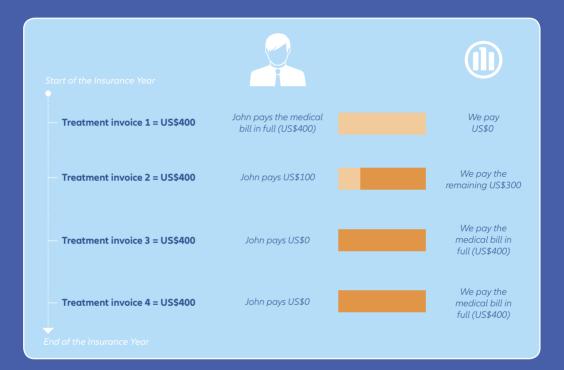

Some plans and benefits may be subject to a deductible or co-payments or both. Your Table of Benefits will show whether this applies to your plan.

A **co-payment** is when you pay a percentage of the medical costs. In the following example, Mary requires several dental treatments throughout the year. Her dental treatment benefit has a 20% co-payment, which means that we will pay 80% of the cost of each eligible treatment.

The total amount payable by us may be subject to a maximum plan benefit limit.

A **deductible** is a fixed amount you need to pay towards your medical bills per period of cover before we begin to contribute. In the following example, John needs to receive medical treatment throughout the year. His plan includes a deductible.

# **SEEKING TREATMENT?**

We understand that seeking treatment can be stressful. Follow the steps below so we can look after the details – while you concentrate on getting better.

# We would like to bring your attention to the following important points

This product is not a Medisave approved product and the premium for this policy is not payable using Medisave. This is a short-term accident and health policy and the insurer is not obliged to renew this policy. The insurer may terminate this policy by giving three-month notice in writing.

# Check your level of cover

First, check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm what is covered. However, you can always call our Helpline if you have any queries.

## Some treatments require our pre-approval

Your Table of Benefits will show which treatments require our pre-approval (via a Treatment Guarantee Form). These are mostly in-patient and high cost treatments. The pre-approval process helps us assess each case, organise everything with the hospital before your arrival and make direct payment of your hospital bill easier, where possible.

# **Getting in-patient treatment**

(pre-authorisation applies)

We can also take Treatment Guarantee Form details over the phone if treatment is taking place within 72 hours. Please note that we may decline your claim if Treatment Guarantee is not obtained. For full details of our Treatment Guarantee process, see the 'Terms and Conditions' section of this guide.

# lf it's an emergency:

Get the emergency treatment you need and call us if you need any advice or support. If you are hospitalised, either you, your doctor, one of your dependants or a colleague needs to call our Helpline (**within 48 hours** of the emergency) to inform us of the hospitalisation. We can take Treatment Guarantee Form details over the phone when you call us.

# Claiming for your out-patient, dental and other expenses

If your treatment does not require pre-approval, you can simply pay the bill and claim the expenses from us. In this case, follow these steps:

Receive your medical treatment and pay the medical provider Get an invoice from your medical provider This should state your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and the fees charged. Claim back your eligible costs via our MyHealth app or online portal. Č Simply enter a few key details, add your invoice(s) and press 'submit'.

Please refer to "Medical Claims" in the Terms and Conditions section of this guide for more information about our claims process.

# Quick claim processing

Once we have all the information required, we can process and pay a claim within 48 hours. However, we can only do this if you have told us your diagnosis, so please make sure you include this with your claim. Otherwise, we will need to request the details from you or your doctor.

We will email or write to you to let you know when the claim has been processed.

## **Evacuations and repatriations**

At the first indication that you need medical evacuation or repatriation, please call our 24 hour Helpline and we will take care of it. Given the urgency, we would advise you to phone if possible. However, you can also contact us by email. If emailing, please write 'Urgent – Evacuation/Repatriation' in the subject line.

Please contact us before talking to any providers, even if they approach you directly, to avoid excessive charges or unnecessary delays in the evacuation. In the event that evacuation/repatriation services are not organised by us, we reserve the right to decline the costs.

# TERMS AND CONDITIONS OF YOUR COVER

# **TERMS AND CONDITIONS**

This section describes the benefits and rules of your health insurance policy. Please read it together with your Insurance Certificate and Table of Benefits.

- Your Insurance Certificate details the plan(s) and geographical area of cover that your company chose for you and your dependants (if applicable). It also states the start date and renewal date of your cover. For policies where your medical history is assessed (underwritten polices) this document will state any special terms that may apply to your cover. Please note that we will send you a new Insurance Certificate if we need to record any changes to your policy. These may be changes that your company requests or changes we are entitled to make. They may also be changes that you request (such as adding a dependant) provided your company approves and we accept.
- Your **Table of Benefits** outlines the plan(s) selected by your company and the benefits available to you. It also specifies any benefits/treatments which require you to submit a Treatment Guarantee Form. It confirms any benefits to which specific benefit limits, waiting periods, deductibles and/or copayments apply. Your Table of Benefits will be in the currency agreed with your company (or with you, if you pay the insurance premium).

For full details of your company's insurance contract, please contact your company's Group Scheme Manager. Please note that the terms and conditions of your cover may be changed from time to time by agreement between your company and us.

# YOUR COVER EXPLAINED

The plans that your company selected for you are indicated in your Table of Benefits, which lists all the benefits you are covered for and any limits that apply. For an explanation of how your benefit limits apply to your plan, please see the section "Benefit limits".

Your benefits are also subject to:

- Policy definitions and exclusions (also available in this guide).
- For underwritten policies: any special conditions shown on your Insurance Certificate (and on the Special Condition Form issued before the policy comes into effect, where relevant).

## What we cover

Your policy provides you and any named dependants with cover for medically necessary treatment and related costs, services and/or supplies as indicated in the Table of Benefits. We will only reimburse if charges are reasonable and customary and in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we have the right to decline or reduce the amount we pay.

If you are uncertain whether your planned medical treatment is covered under your plan, please contact our Helpline.

# When cover starts for you and your dependants

Your insurance is valid from the start date shown on the Insurance Certificate and will continue until the group renewal date (which is also stated on the Insurance Certificate). Generally, this is one Insurance Year, unless we and your company decide otherwise or if you started your policy mid-year. At the end of this period, your company can renew the insurance on the basis of the policy terms and conditions applicable at that time. You will be bound by those terms.

Cover for dependants (if applicable) will start on the effective date shown on the most recent Insurance Certificate which lists them as your dependants. Their membership may continue for as long as you remain part of the group scheme and, for children, as long as they remain under the defined age limit. Child dependants can be covered under your policy up until the day before their 18th birthday or up until the day before their 24th birthday if they are in full-time education. At that time, they may apply for cover in their own right under one of our Healthcare Plans for Individuals and Families.

# **Benefit limits**

The Table of Benefits shows two kinds of benefit limits:

- The **maximum plan benefit** (which applies to certain plans) is the maximum we will pay for all benefits in total, per member, per Insurance Year, under that particular plan.
- Some benefits also have a **specific benefit limit**, which may be provided on a "per Insurance Year" basis, on a "per lifetime" basis or on a "per event" basis (such as per trip, per visit or per pregnancy). In some instances, in addition to the benefit limit, we will only pay a percentage of the costs for the specific benefit e.g. "65% refund, up to US\$6,750/SGD8,775".

The amount we refund is subject to the maximum plan benefit (if one applies to your plan), even where:

- A specific benefit limit applies or
- The term "Full refund" appears next to the benefit

All limits are per member and per Insurance Year, unless your Table of Benefits states otherwise. **"Routine maternity" and "Complications of pregnancy and childbirth"** are paid on either a "per pregnancy" or "per Insurance Year" basis. Your Table of Benefits will confirm this.

#### If your maternity benefits are payable on a "per pregnancy" basis

When a pregnancy spans two Insurance Years and the benefit limit changes at policy renewal, the following rules apply:

- In year one the benefit limits apply to all eligible expenses.
- In year two the updated benefit limits apply to all eligible expenses incurred in the second year, less the total benefit amount already reimbursed in year one.
- If the benefit limit decreases in year two and we have already paid up to or over this new amount for eligible costs incurred in year one, we will pay no additional benefit in year two.

For multiple-birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to US\$40,500/SGD52,650 per child for the first three months following birth. Out-patient treatment is paid under the terms of the Out-patient Plan.

# CLAIMS AND TREATMENT GUARANTEE PROCESS

# **Medical claims**

Before submitting a claim to us, please pay attention to the following points:

- Claiming deadline: You must submit all claims (via our MyHealth app or online portal) no later than six months after the end of the Insurance Year. If cover is cancelled during the Insurance Year, you should submit your claim no later than six months after the date that your cover ended. After this time, we are not obliged to settle the claim.
- Claim Submission: You must submit a separate claim for each person claiming and for each medical condition being claimed for.
- Supporting documents: When you send us copies of supporting documents (e.g. medical receipts), please make sure you keep the originals. We have the right to request original supporting documents/receipts for auditing purposes up to 12 months after settling your claim. We may also request proof of payment by you (e.g. a bank or credit card statement) for medical bills you have paid. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that fails to reach us for any reason outside of our control.
- **Deductibles:** If the amount you are claiming is less than the deductible figure in your plan, you can either:
  - Collect all out-patient receipts until you reach an amount that exceeds this deductible figure.
  - Send us each claim every time you receive treatment. Once you reach the deductible amount, we'll start reimbursing you.

Attach all supporting receipts and/or invoices with your claim.

• Currency: Please specify the currency you wish to be paid in. On rare occasions, we may not be able to make a payment in that currency due to international banking regulations. If this happens, we will identify a suitable alternative currency. If we have to make a conversion from one currency to another, we will use the exchange rate that applied on the date the invoices were issued, or on the date that we pay your claim.

Please note that we reserve the right to choose which currency exchange rate to apply.

- Reimbursement: we will only reimburse (within the limits of your policy) eligible costs after considering any Treatment Guarantee requirements, deductibles or co-payments outlined in the Table of Benefits.
- Reasonable and customary cost: We will only reimburse charges that are reasonable and customary in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline your claim or reduce the amount we pay.

- **Deposits:** If you have to pay a deposit in advance of any medical treatment, we will reimburse this cost only after treatment has taken place.
- **Providing information:** You and your dependants agree to help us get all the information we need to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating doctor. We may, at our own expense, request a medical examination by our doctors if we think it's necessary. All information will be treated confidentially. We reserve the right to withhold benefits if you or your dependants do not support us in getting the information we need.
- Payment into a Medisave account: If you request for claim reimbursement to be made into your Medisave account, this process will fall outside of the usual claims turnaround time, to allow for additional procedures that need to be followed.

# Treatment needed as a result of someone else's fault

If you are claiming for treatment that you need when somebody else is at fault, you must write and tell us as soon as possible. For example, if you need treatment following a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault. We can then recover from the other insurer the cost of the treatment paid for by us. If you are able to recover directly the cost of any treatment which we have paid for, you will need to repay that amount (and any interest) to us.

# **Treatment Guarantee**

Some of the benefits available to you need pre-approval. These are usually marked with a 1 or a 2 in your Table of Benefits. To get pre-approval, please send us a Treatment Guarantee Form.

Here are the treatments/benefits which normally need pre-approval. This may vary depending on your cover, so please check your Table of Benefits to confirm:

- All in-patient benefits<sup>1</sup> listed (where you need to stay overnight in a hospital).
- Congenital medical conditions<sup>2</sup>
- Day-care treatment<sup>2</sup>.
- Expenses for one person accompanying an evacuated/repatriated person<sup>2</sup>.

- Occupational therapy<sup>2</sup> (only out-patient treatment requires pre-authorisation).
- Oncology<sup>2</sup> (only in-patient or day-care treatment requires pre-authorisation).

Using the Treatment Guarantee Form helps us to settle your bill directly with hospitals, clinics and other medical facilities.

Unless we and your company agree otherwise, if you make a claim without obtaining Treatment Guarantee, the following will apply:

- If the treatment received is subsequently proven to be medically unnecessary, we reserve the right to decline your claim.
- For the benefits listed with a **1** in your Table of Benefits, we reserve the right to decline your claim. If the treatment is subsequently proven to be medically necessary, we will pay 80% of the benefit.
- For the benefits listed with a **2** in your Table of Benefits we reserve the right to decline your claim. If the treatment is subsequently proven to be medically necessary, we will pay 50% of the benefit.

# **PAYING PREMIUMS**

# If your company pays your insurance premium

In most cases, your company is responsible for paying the premiums for you and your dependants, covered under the Company Agreement. Your company may also pay other taxes and charges associated with your cover (such as Goods and Services Tax). However you may be liable to pay tax in respect of the premiums paid by your company. For details, please check with your company.

# If you pay your insurance premium

If you are responsible for paying your insurance premium, you need to pay us in advance for the duration of your cover. Your Insurance Certificate shows the amount your company has agreed with us and your selected payment frequency. The **initial premium** or first premium instalment is payable immediately after we accept your application. When you receive your invoice, please check that the premium matches the amount shown on your agreed quotation and contact us immediately if there is any difference. We are not responsible for payments made through third parties. **Subsequent premiums** are due on the first day of the chosen payment period.

If applicable, you may also need to pay the following taxes in addition to your premium:

- Goods and Services Tax.
- VAT.
- Other taxes, levies or charges relating to your cover that we may have to pay or collect from you by law.

These charges may already be in effect when you join but they could be introduced (or change) afterwards. Your invoice will show these taxes. If they change or if new taxes are introduced, we will write to inform you. If you do not accept the changes, you can choose to end your cover. We will not apply any of the changes if you end your membership within 30 days of the date they take effect, or within 30 days of us telling you about the changes (whichever is later).

Each year on the renewal date, we may change how we calculate your premiums and taxes, the amount you have to pay and/or the method of payment. If so, we will inform you of these changes and they will only apply from your renewal date. If you wish, you can change the way you pay at policy renewal. Please write to us to request this at least 30 days before the renewal date.

If you are unable to pay your premium for any reason, please contact us so that we can discuss this with you, as if you don't pay your premiums on time you may lose your cover.

# **ADMINISTRATION OF YOUR POLICY**

# **Adding dependants**

You may apply to include any member of your family as a dependant if you are allowed to under the agreement between your company and us. The process is different for underwritten groups and non-underwritten groups. If you belong to an underwritten group (where medical history is assessed), you must have provided health and other relevant information when applying.

# Underwritten groups

# How do I add a newborn to my policy?

Please send an email to underwriting@allianzworldwidecare.com within four weeks from birth and attach the birth certificate. We will accept the baby without medical underwriting if the birth parent or intended parent (in the case of surrogacy) has been insured with us for a minimum of eight continuous months. Cover will start at birth.

# What happens if I don't notify you within four weeks?

The newborn child will be underwritten and if accepted, cover will start from the date of acceptance.

## What if I am adding multiple birth babies, adopted and fostered children?

Multiple birth babies, adopted and fostered children will be underwritten and if accepted, cover will start from the date of acceptance.

## Non-underwritten groups

## How do I add a newborn to my policy?

To ensure that cover starts from birth, please notify your company within four weeks from birth.

# What happens if I don't notify my company within four weeks?

The newborn child will be underwritten and if accepted, cover will start from four weeks before the date we receive the notification.

# What if I am adding multiple birth babies, adopted and fostered children?

Cover will start from four weeks before the date we receive the notification.

# Changing country of residence

It is important to let us know when you change your country of residence. This may affect your cover or premium, even if you are moving to a country within your geographical area of cover, as your existing plan may not be valid there. Cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your health cover is legally appropriate. If you are not sure, please get independent legal advice, as we may no longer be able to cover you. The cover we provide is not a substitute for local compulsory health insurance.

# How do I notify you that I am moving country?

If you are member of an underwritten group (where medical history is assessed), just contact our Helpline.

If you are a member of a non-underwritten group, please notify your company.

# Changing your postal address or email address

We will send all correspondence to the address we have on record for you unless requested otherwise. You need to inform us in writing as soon as possible of any change in your home, business or email address.

# Correspondence

When you write to us, please use email or post (with the postage paid). We do not usually return original documents to you, but if you ask us to, we will.

# **Renewal of cover**

If your company pays for your premium, the renewal of your cover (and that of your dependants, if applicable) is the decision of your company.

If you pay your premium and your company renews your cover (and that of your dependants, if applicable), your policy will automatically renew for the next Insurance Year, if:

- We can continue to provide cover in your country of residence
- All premiums due to us have been paid
- The payment details we have for you are still valid on the policy renewal date. Please update us if you get a new/replacement credit card or if your bank account details have changed.

# **Ending your cover**

Your company can end your cover or that of any of your dependants by notifying us in writing. We cannot backdate the cancellation of your cover. It will automatically end:

- At the end of the Insurance Year, if the agreement between your company and us is terminated.
- If your company decides to end the or not to renew your cover.
- If your company does not pay premiums or any other payment due under the Company Agreement with us.
- If you are an individual payer and you do not pay premiums or any other payment due under the Company Agreement with us.
- When you stop working for your company.
- Upon the death of the insured employee.

We can end your cover and that of your dependants if there is reasonable evidence that you or they have misled or attempted to mislead us. For example giving us false information, withholding information, or working with another party to give us false information, either intentionally or carelessly, which may influence us when deciding:

- Whether you (or they) can join the scheme.
- What premiums your company has to pay.
- Whether we have to pay any claim.

If we terminate your policy for any of the reasons above, we will give you three-month notice in writing.

w. 5- 80

# **Policy expiry**

Please note that upon the expiry of your policy, your right to reimbursement ends. For up to six months after the expiry date, we will reimburse any eligible expenses incurred during the period of cover. However, we will no longer cover any on-going or further treatment that is required after the expiry date of your policy.

# Applying for cover if group membership ends

If your cover under the Company Agreement comes to an end, you can apply for cover under one of our Healthcare Plans for Individuals and Families, by simply sending us an email (details below). You need to submit your application within one month of leaving the group scheme. You may be subject to underwriting. If we accept your application, cover will start on the first day after you leave the group scheme.

# THE FOLLOWING TERMS ALSO APPLY TO YOUR COVER

- **1. Applicable law:** Your membership is governed by laws of Singapore unless otherwise required under mandatory legal regulations. Any dispute that cannot otherwise be resolved will be dealt with by courts in Singapore.
- 2. Policy Owner Protection Scheme This plan is protected under the Policy Owner Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC). Coverage for your plan is automatic and you are not required to perform any further action. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact the Company or visit the General Insurance Association of Singapore (GIA)/Life Insurance Association of Singapore (LIA) or SDIC.

- **3.** Economic sanctions: Cover is not provided if any element of the cover, benefit, activity, business or underlying business violates any applicable sanction law or regulations of the United Nations, the European Union or any other applicable economic or trade sanction law or regulations.
- **4.** Who is covered: Only those group members (and dependants) as described in the Company Agreement are eligible for cover.
- 5. The amounts we will pay: Our liability to you is limited to the amounts indicated in the Table of Benefits and any policy endorsements. The amount reimbursed, whether under this policy, public medical scheme or any other insurance will not exceed the figure stated on the invoice.
- 6. Who can make changes to your policy: No one, except an appointed representative or the Group Scheme Manager is allowed to make changes to your policy on your behalf. Changes are only valid when agreed by your company and us.
- 7. When cover is provided by someone else: We may decline a claim if you or any of your dependants are eligible to claim benefits from:
  - A public scheme
  - Any other insurance policy
  - Any other third-party

If that is the case, you need to inform us and provide all necessary information. You and the thirdparty cannot agree any final settlement or waive our right to recover expenses without our prior written agreement. Otherwise, we are entitled to get back from you any amount we have paid and to cancel your cover.

We have the right to claim back from a third-party any amount we paid for a claim, if the costs were due from or also covered by them. This is called subrogation. We may take legal proceedings in your name, at our expense, to achieve this.

We will not make a contribution to any third-party insurer if the costs are fully or partly covered by that insurer. However, if our plan covers a higher amount than the other insurer, we'll pay the amount not covered by them.

8. Circumstances outside of our control (force majeure): We will always do our best for you, but we are not liable for delays or failures in our obligations to you caused by things which are outside of our reasonable control. Examples are extremely severe weather, floods, landslides, earthquakes, storms, lightning, fire, subsidence, epidemics, acts of terrorism, outbreaks of military hostilities (whether or not war is declared), riots, explosions, strikes or other labour unrest, civil disturbances, sabotage and expropriation by governmental authorities.

# 9. Cancellation and fraud:

- a) For medically underwritten policies, the information you and your dependants give us e.g. on the Application Form or supporting documents, needs to be accurate and complete. If it isn't correct or if you don't tell us about things that may affect our underwriting decision, it may invalidate your policy from the start date. You also need to tell us about any medical conditions that arise between completing the application form and the start date of the policy. Medical conditions that you don't tell us about will most likely not be covered. If you're not sure whether certain information is relevant to underwriting, please call us and we'll be able to clarify that.
- b) We will not pay any benefits for a claim if:
  - The claim is false, fraudulent or intentionally exaggerated.

- You or your dependants or anyone acting on your or their behalf use fraudulent means to obtain benefit under this policy.

The amount of any claim we paid to you before the fraudulent act or omission was discovered will become immediately owing to us. We reserve the right to inform your company of any fraudulent activity.

- **10.** Making contact with dependants: In order to administer your policy, we may need to request further information. If we need to ask about one of your dependants (e.g. when we need to collect an email address for an adult dependant), we may contact you as the person acting on behalf of the dependant, and ask you for the relevant information, provided it is not sensitive information. Similarly, for the purposes of administering claims, we may send you non-sensitive information that relates to a family member.
- 11. Use of Medi24: The Medi24 advice line and its health-related information and resources is extremely helpful, but it's not a substitute for professional medical advice or for the care that you receive from your doctor. It is not intended to be used for medical diagnosis or treatment and you should not rely on it for that purpose. Always seek the advice of your doctor before beginning any new treatment or if you have any questions about a medical condition. We are not responsible or liable for any claim, loss or damage directly or indirectly resulting from your use of Medi24 or the information or services provided by them. Calls to Medi24 will be recorded and may be monitored for training, quality and regulatory purposes.

Some plans may include a maximum co-payment per insured person, per Insurance Year and, if so, the amount will be capped at the figure stated in your Table of Benefits. Co-payments may apply individually to the Core, Out-patient, Dental or Repatriation Plans, or to a combination of these plans. For more information on copayments, please refer to "What are deductibles and co-payments" section of this guide.

**Day-care treatment** is planned treatment received in a hospital or day-care facility during the day, including a hospital room and nursing, that does not medically require the patient to stay overnight and where a discharge note is issued.

Cover is provided for up to six weeks per trip within the maximum benefit amount. Nor does it extend to charges relating to maternity, pregnancy, childbirth or any complications of pregnancy or childbirth. Please tell your company's Group Scheme Manager if you are going to be outside your area of cover for more than six weeks.

#### Expenses for one person accompanying an

evacuated/repatriated person refer to the travel costs for one person accompanying the evacuated/repatriated person. If they can't travel in the same vehicle, we will pay for an alternative form of transport at economy rates. Following completion of treatment, we will also cover the cost of the companion's return trip, at economy rates, to the country where the evacuation/repatriation started from. Cover is not provided for hotel accommodation or other related expenses.

**Family history** exists where a parent, grandparent, sibling, child, aunt or uncle has been previously diagnosed with the medical condition in question.

**First aid course** provides a contribution towards a first aid course for insured parents who have a child insured as a dependant. Insured parents can claim this benefit once per policy year. When submitting a claim, please attach a dated invoice from the provider.

- Cardiovascular examination (physical examination, electrocardiogram, blood pressure)
- Neurological examination (physical examination)
- Cancer screening:

  - Colonoscopy (every five years for members aged 50+, or 40+ where a family history exists)
  - Annual faecal occult blood test
- Bone densitometry (every five years for women aged 50+)
- Well child test (for children up to the age of six years, up to a maximum of 15 visits per lifetime)
- BRCA1 and BRCA2 genetic test (where a direct family history exists and where included in your Table of Benefits)

**HIV or AIDS treatment** if listed in your Table of Benefits, is a benefit that covers consultations, investigations, in-patient and out-patient treatment related to a diagnosis of Human Immunodeficiency Virus (HIV) or Acquired Immune Deficiency Syndrome (AIDS). Please note that a 48 months waiting period applies.

**Home country** is a country for which you hold a current passport or which is your principal country of residence.

**Hospital** is any establishment which is licensed as a medical or surgical hospital in the country where it operates and where the patient is permanently supervised by a doctor. The following are not considered hospitals: rest and nursing homes, spas, cure-centres and health resorts.

Hospital accommodation refers to standard private or semiprivate accommodation as shown in the Table of Benefits deluxe, executive rooms and suites are not covered. The hospital accommodation benefit only applies when the hospitalisation is not related to any other in-patient benefit shown on the Table of Benefits. For example, if a member is hospitalised for cancer treatment, the hospital accommodation will be covered under the oncology benefit, and not under the hospital accommodation benefit. Examples of benefits that already include hospital accommodation (if included in your plan) are: Psychiatry and psychotherapy, Organ transplant, Oncology, Routine maternity, Palliative care and Long-term care.

Infertility treatment refers to treatment for the insured person and includes all invasive investigative procedures necessary to establish the cause of infertility such as hysterosalpingogram, laparoscopy or hysteroscopy. If your Table of Benefits does not have a specific benefit for infertility treatment, cover is limited to non-invasive investigations into the cause of infertility within the limits of your Out-patient Plan (if you have one). However, if there is a specific benefit for infertility treatment, we will cover the cost of treatment for the insured member who receives it, up to the limit indicated in the Table of Benefits. You cannot claim under your spouse/partner's cover (if they are included in the policy) for costs that exceed your benefit limit. In the case of InVitro Fertilisation (IVF), cover is limited to the amount specified in the Table of Benefits.

For multiple-birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to US\$40,500/SGD52,650 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.

**In-patient cash benefit** is payable when you receive in-patient treatment free of charge for a medical condition that is covered by us. Cover is limited to the amount specified in the Table of Benefits and is payable after you are discharged from hospital.

**In-patient treatment** refers to treatment received in a hospital where an overnight stay is medically necessary.

**Insurance Certificate** is a document we issue that outlines the details of your cover. It confirms that your company has a group insurance policy with us.

**Insurance Year** applies from the effective date of your policy, as shown on the Insurance Certificate and ends at the expiry date of the Company Agreement. The following Insurance Year coincides with the year that is defined in the Company Agreement.

**Insured person** is you and your dependants as stated on your Insurance Certificate.

**Local ambulance** is ambulance transport that is required for an emergency or out of medical necessity, to the nearest available and appropriate hospital or licensed medical facility. **Long-term care** refers to care over an extended period of time after the acute treatment has been completed, usually for a chronic condition or disability requiring periodic, intermittent or continuous care. Long-term care can be provided at home, in the community, in a hospital or in a nursing home.

Medical evacuation applies in the following scenarios:

- If the necessary treatment you are covered for is not available locally
- If adequately screened blood is unavailable in an emergency

We will evacuate you to the nearest appropriate medical centre (which may or may not be in your home country) by ambulance, helicopter or aeroplane. The medical evacuation should be requested by your doctor, and will be carried out in the most economical way that is appropriate to your medical condition. Following completion of treatment, we will also cover the cost of your return trip at economy rates to your principal country of residence.

If you can't travel or be evacuated for medical reasons following discharge from an **in-patient episode of care**, we will cover the reasonable cost of hotel accommodation in a private en-suite room for up to seven days. We do not cover costs for hotel suites, four or five-star hotel accommodation or hotel accommodation for an accompanying person.

If you are evacuated to the nearest appropriate medical centre for **ongoing treatment**, we will cover the reasonable cost of hotel accommodation in a private en-suite room. This cost must be more economical than the cost of a series of journeys between the nearest appropriate medical centre and your principal country of residence. Hotel accommodation for an accompanying person is not covered.

Where adequately screened blood is not available locally, we will, where appropriate, try to locate and transport screened blood and sterile transfusion equipment, if this is advised by the treating doctor and our own medical experts. We and our agents accept no liability if we are unsuccessful or if contaminated blood or equipment is used by the treating authority.

You must contact us at the first indication that you need an evacuation. From this point onwards, we will organise and coordinate the evacuation until you arrive safely at your destination of care. If evacuation services are not organised by us, we reserve the right to decline all costs incurred.

**Medical necessity** refers to medical treatment, services or supplies that fulfil all of the following:

a) Essential to identify or treat your condition, illness or injury

- b) Consistent with your symptoms, diagnosis or treatment of the underlying condition
- c) In accordance with generally accepted medical practice and professional standards of care in the medical community at the time (this does not apply to complementary treatment methods if they form part of your cover)
- d) Required for reasons other than the comfort or convenience of you or your doctor
- Proven and demonstrated to have medical value (this does not apply to complementary treatment methods if they form part of your cover)
- f) Considered to be the most appropriate type and level of service or supply
- g) Provided at an appropriate facility, in an appropriate setting and at an appropriate level of care for the treatment of your medical condition
- h) Provided only for an appropriate duration of time

In this definition, the term "appropriate" means taking patient safety and cost effectiveness into consideration. In respect to in-patient treatment, "medically necessary" also means that diagnosis can't be made or treatment can't be safely and effectively provided on an out-patient basis.

**Medical practitioner fees** refers to fees charged for nonsurgical treatment performed or administered by a medical practitioner.

**Medical practitioners** are doctors who are licensed to practise medicine under the law of the country in which treatment is given and where they are practising within the limits of their licence.

Medical repatriation is an optional level of cover and where provided will be shown in the Table of Benefits. If the necessary treatment for which you are covered isn't available locally you can choose to be medically evacuated to your home country for treatment, instead of to the nearest appropriate medical centre. This only applies when your home country is within your geographical area of cover. Following completion of treatment, we will also cover the cost of your return trip at economy rates, to your principal country of residence. The return journey must take place within one month after treatment has been completed.

You must contact us at the first indication that repatriation is required. From this point onwards we will organise and coordinate all stages of the repatriation until you arrive safely at your destination of care. If the repatriation is not organised by us, we reserve the right to decline all costs incurred.

**Medical underwriting** is the assessment of insurance risk based on information that you give us when applying for cover. Our underwriting team uses this information to decide the terms of our offer.

**Midwife fees** refers to fees charged by a midwife or birth assistant, who, according to the law of the country in which treatment is given, has completed the necessary training and passed the necessary state examinations.

**Newborn care** includes customary examinations required to assess the integrity and basic function of the child's organs and skeletal structures. These essential examinations are carried out immediately following birth.

Cover doesn't include further preventive diagnostic procedures, such as routine swabs, blood typing and hearing tests. However, if for medical reasons the child needs any follow-up investigations and treatment, these are covered under the newborn's own policy (if they have been added as a dependant). For multiple birth babies born as a result of medically assisted reproduction, in-patient treatment is limited to US\$40,500/SGD52,650 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.

**Non-prescribed physiotherapy** refers to treatment provided by a registered physiotherapist without being referred by a doctor in advance. Cover is limited to the number of sessions indicated in your Table of Benefits. A doctor must prescribe any additional sessions over this limit, which will be covered under the prescribed physiotherapy benefit. Physiotherapy does not include therapies such as Rolfing, Massage, Pilates, Fango and Milta.
