

Allianz capabilities for aviation clients

The client and broker are at the core of Allianz's strategy in all our business segments. The central aim is to enable clients and brokers to access Allianz locally but with a global reach.

This document is a high-level overview of Allianz's corporate solutions. These can be accessed individually or as a package.

Global solutions

Aviation

AGCS has an established reputation as a leading provider of aviation insurance coverage around the world. From airlines and manufacturers to general aviation and service providers; AGCS offers a full range of aviation industry insurance services. Hull (physical damage) and liability protection for passenger and cargo airlines, deductible, personal accident and loss of licence covering the full range of operations from single aircraft to major international carriers. Physical damage and liability cover for manufacturers and suppliers as well as for airports, airfields, refuellers and associated service providers. Hull and liability cover for smaller aircraft and helicopters including privately owned aircraft, commercial activities and fleets, clubs and flying schools, business jets, drones / UAS and ground service providers.

Bonds, guarantees, letter of credit alternatives:

Euler Hermes Bonding specialises in the provision of traditional bonds and guarantees (i.e. performance, advance payment bonds) and bespoke guarantee product solutions including alternatives to a bank letter of credit.

Credit insurance and political risk

Euler Hermes UK offers credit insurance cover for all sizes and types of clients and trade transactions, whether trading nationally or internationally and in all industry sectors. Political risks insurance covers assets as well as contract frustration and non-payment under capital goods and single contracts.

Cyber

AGCS's Cyber Protect insurance solution enables businesses to comprehensively protect themselves against first and third party cyber risks. It covers a variety of first and third-party damage sustained by businesses if they themselves become victims of cyber crime or if their customers hold them liable.

Financial lines

AGCS specializes in providing financial lines solutions, including Directors' & Officers', Professional Indemnity, Crime, Pension Trust Liability and others. The product range insures all types of public and private companies and most professions.

International Health & Life Insurance

Allianz Worldwide Care offers corporate clients and their brokers the convenience of sourcing health, life and disability cover, all key elements of an employee benefits package, from a single insurer.

Terrorism & Political Violence

AGCS supports its clients with bespoke solutions in the area of Terrorism and Political Violence, including coverage offering for Nuclear, Chemical, Biological or Radiological perils and a range of third party and employers' liability options.

Multi-Year & Multi-Line Solutions

Allianz Risk Transfer provides tailored insurance, reinsurance, structured products and other non-traditional risk management solutions to corporate and financial clients worldwide.

Liability

AGCS offers worldwide Primary and Excess Public and Products Liability cover (including Specialist Environmental Liability cover) and UK Employers' Liability.

Property

AGCS Property Damage and Business Interruption cover is designed to meet the needs of large companies who need informed and sustainable solutions for their risk transfer and risk management requirements. Protecting the assets and liabilities of Investors and Owner by providing Property Damage, Loss of Rent and Property Owners Liability cover.

Reputation Protect

AGCS reputation protect policy covers a wide range of scenarios and funds crisis management services. It works on a simple premise: understand the client's position in advance and bring together leading advisors, in the event of an incident, who will respond quickly.

Travel

Allianz Global Assistance offers a comprehensive, modular assistance insurance package for business travellers worldwide. Employees receive quick professional care in any emergency situation.

Weather

Allianz Risk Transfer offers index based protections to clients globally against adverse effects of the weather. Risk protections cover against changes in temperature, precipitation, wind and other noncatastrophic weather conditions that may negatively influence businesses by causing increased costs, delays, reduced supply of resources, or decreased demand-based revenue.

Employee Benefits Solutions

Allianz Global Benefits optimizes employee benefit programs across countries for multinational corporations. These made-to-measure solutions encompass the full range of corporate life, pension, health, occupational health and asset management products and services via a worldwide network.

Investment
