Why brokers and their clients choose Allianz for Engineering and Construction projects

The world's leading insurer of risks

A depth and breadth of capabilities that are unmatched in the industry.

Industry leading capacity

A market-leading capacity positions Allianz to lead the largest domestic and international projects.

End-to-end coverage

Ability to provide a policy term from initial construction through to the operational phase.

Expert Risk Consulting

Our multi-disciplined team of chartered Engineers and Risk Consultants provide technical expertise and risk management solutions across a wide range of commercial and industrial operations.

Highly-experienced underwriters

Allianz professionals with the knowledge and skill to find flexible solutions to the challenges brokers and their clients face. Allianz underwriters are able to deploy significant capacity on a global scale.

Claims: industry leading expertise, recovery services

We field one of the most experienced engineering claims teams in the industry with an established reputation for responsive claims-handling on a worldwide basis, a global network of contacts with local support.

Coordination between Construction, Marine, Energy

Working with Marine, construction and other Allianz specialists we can provide tailored insurance and risk control programs.

Additional products and services:

- Alternative Risk Transfer
- Aviation
- Financial Lines
- Liability
- Marine
- Inland Marine
- Multinational Solutions
- Property (including Highly Protected Risk)
