Why brokers & clients choose Allianz for construction

The world's leading insurer of risks

A depth and breadth of capabilities that are unmatched in the industry.

Industry leading capacity

A market-leading capacity positions Allianz to lead the largest domestic and international projects. End-to-end coverage. Ability to provide a policy term from initial construction through to the operational phase.

Expert Risk Consulting

Our multi-disciplined team of chartered Engineers and Risk Consultants provide technical expertise and risk management solutions across a wide range of commercial and industrial operations.

Highly-experienced underwriters

Allianz professionals with the knowledge and skill to find flexible solutions to the challenges brokers and their clients face. Allianz underwriters are able to deploy significant capacity on a global scale.

Claims: industry leading expertise, recovery services

We field one of the most experienced engineering claims teams in the industry with an established reputation for responsive claims handling on a worldwide basis, a global network of contacts with local support.
