

THE WORLD IN 2040

The Future Travel Experience

Allianz Partners has commissioned Futurologist Ray Hammond to look at the future of travel and tourism in the year 2040, to help prepare for the longer term needs of customers. Here are his predictions about what the next 20 years will bring.

By the year 2040, global travel will be transformed by...

Virtual & Augmented Reality

Tourists will be able to visit virtual hotel rooms and museums

Augmented reality glasses will help identify points of interest

Advanced Technology Solutions

Your face will be your passport and your boarding pass

Wireless ear pieces will provide instant translations between all major languages

Transport Systems

Environmentally-friendly cruise ships will be powered by Liquefied Natural Gas (LNG)

Super-fast trains will run on railways powered by the Internet of Things (IoT)

New Otherworldly Destinations

Tourists will be able to orbit the Moon in luxury spacecrafts

Wealthy tourists may choose to land on Mars
