The Fund Umbrella

Commercial Umbrella

The Fund Umbrella can eliminate gaps in coverage over and above the primary liability insurance policy, and is flexible enough to tailor to your client's specific needs.

More importantly, it adds a second layer of protection against liability verdicts that can advance past a policy's primary limits. In addition to lead umbrellas over the primary, we offer:

- More than 50 years of underwriting expertise, flexibility and responsiveness for this product line
- Custom solutions that meet the specific needs of clients
- Dedicated umbrella/excess claims specialists

Separate aggregate limits over each primary policy

Most carriers have a single aggregate for both excess and umbrella coverages, but The Fund Umbrella gives your clients a separate aggregate limit over each aggregate limit in the scheduled primary policy. For example, in addition to having an aggregate over just your premises liability and products/completed operations, The Fund Umbrella extends coverage over all aggregates, such as liquor liability and employer's liability.

Broad Risk Appetite

Our umbrella appetite is broader than you might think. Underwriting selection is based on each account's characteristics and driven by limits offered. Our appetite includes:

- Commercial real estate
- Manufacturing
- Travel and leisure
- Hotels
- Retail
- Restaurants
- Business services
- Wholesalers/distributors
- Food and related

Additional Coverage Benefits

- Additional insureds covered at named insured's option
- Automatic coverage for newly acquired or formed companies
- Follow form aggregates apply to per location, per policy, per project, per coverage
- Automatic waiver of subrogation included if provided on the primary policy
- Unintentional Failure to Disclose i.e., Unintentional E&O, is covered
- Ability to add personal umbrella coverage for officers and key employees
